

SPEAKEASY THERAPIES & FITNESS LLC.

Payment Plan Options

At SPEAKeasy Therapies & Fitness, we understand that managing financial obligations can be challenging, so we offer payment plan options to provide greater flexibility and ease.

We are pleased to offer you the following payment plan options:

- 1. Monthly Payment Plan:** This allows you to make fixed monthly payments towards your outstanding balance. You can choose a payment amount that suits your budget, ensuring a gradual reduction of your balance over time.
- 2. Percentage Payment Plan:** With this plan, you can make monthly payments based on a percentage of your outstanding balance. This option allows you to make proportional payments, making it easier to manage your financial commitments.
- 3. Customized Installment Plan:** We understand that every client's situation is unique. If the above options do not meet your specific needs, we are more than happy to work with you to create a customized installment plan tailored to your circumstances, offering you the utmost flexibility.

Our goal is to make the payment process as convenient and stress-free as possible for you. By offering these new payment plan options, we aim to give you greater control over your outstanding balance while ensuring a mutually beneficial resolution.

We value your partnership at SPEAKeasy Therapies & Fitness LLC and want to ensure a seamless payment experience. We believe these new payment plan options will help you manage your financial obligations effectively while maintaining an ongoing need for therapy services. A payment source on file is required to participate in providing client-centered options. Specific payment dates are based on individualized client agreements.

To discuss and select the most suitable payment plan, please complete the Client Payment Plan form on our website, www.speakeasystl.org.
